Public Meeting Notice

What: The Corps is hosting a public meeting to discuss the proposed action and unavoidable impacts residents and businesses near the Industrial Canal at Lake Pontchartrain would expect as the Corps constructs a stronger and more reliable hurricane system.

Why: This public meeting is being held by request, per the National Environmental Policy Act alternative arrangements. This additional public meeting will provide an overview of the proposed action for Individual Environmental Report (IER) II Tier 2 Pontchartrain. The proposed action is construction of a sector gate and two vertical lift gates south of the Senator Ted Hickey (Seabrook) Bridge. The proposed Seabrook Floodgate Complex would reduce risk to residences and businesses from storm surge generated through Lake Pontchartrain. The public review period for IER II Tier 2 Pontchartrain has been extended and will close at midnight on Wednesday, Jan. 27, 2010. The environmental document is currently available for public review at www.nolaenvironmental.gov.

How: Comments on the proposed action may be submitted to the Corps at anytime on www.nolaenvironmental.gov, by submitting an e-mail to MVNenvironmental@usace.army.mil or by regular mail. Please see reverse of card for additional contact information.

When: **Wednesday, Jan. 27, 2010**
Open house 6 to 6:30 p.m.
Presentation 6:30 p.m.

Where: St. Gabriel the Archangel Church - Parish Hall
5010 Piety Dr.
New Orleans, LA 70126
At the corner of Piety Dr. and Pineda St. in Gentilly Woods.
