NOTICE OF AVAILABILITY

An Individual Environmental Report (IER) #11 (IER #11) entitled Improved Protection on the Inner Harbor Navigation Canal (INHC), prepared by the U.S. Army Corps of Engineers, New Orleans District, is available for your review. This notice is being posted per alternative NEPA arrangements implemented on March 12, 2007.

The purpose of the proposed action discussed in IER #11 is to evaluate the potential impacts associated with proposed improved hurricane protection on the INHC, in Orleans and St. Bernard Parishes, Louisiana. The proposed action consists of constructing storm surge protection structures that would prevent damaging storm surges from entering the IHNC from Lake Pontchartrain and/or the Gulf Intracoastal Waterway (GIWW)-Mississippi River Gulf Outlet (MRGO)-Lake Borgne complex.
